Dear Sun Rivers Resident,

The purpose of this letter is to inform you of the upcoming rate changes for your community's domestic water, irrigation water, sewage, and geexchange utility services.

A 6.6% increase in rates for the noted utilities will be applied effective March 1, 2023. This increase will help us cover normal operations and maintenance costs, such as fuel, utilities, and consumables.

The rate increases will be applied to your March utility billing which will be provided to you in early April. The total effect on your monthly utility costs will depend on household consumption.
