British Columbia Utilities Commission
Suite 410, 900 Howe Street, Box 250
Vancouver, BC V6Z 2N3

Attn: Keshni Nand, Registrar

**RE: Bluestem Multi-Utility Services ULC (“BMUS”)
Sun Rivers and Sonoma Pines Natural Gas Service
Application for Tariff Inclusion Effective July 1, 2026**

Pursuant to the Utilities Commission Act and applicable Commission rules and procedures, Bluestem Multi-Utility Services ULC (**BMUS**) respectfully requests the British Columbia Utilities Commission’s approval of an edited version of FortisBC Energy Inc’s (**FEI**) General Service Firm tariff for use by its customers.

This application is made in accordance with Commission Orders C-13-05 and G-68-05, which require BMUS’s rates and associated tariff provisions to be aligned with those of FEI in the applicable service region. The proposed edited tariff reflects this direction and is intended to ensure consistency with FEI’s Commission-approved tariff terms and conditions.

The proposed edits are administrative and clarifying in nature and do not introduce new charges or modify Commission-approved rates. Rather, the revisions:

- Align measurement, billing, and conversion conventions with FEI’s approved tariff provisions;
- Reflect dispute resolution provisions consistent with FEI’s tariff framework; and
- Improve clarity and consistency for customers while maintaining regulatory compliance.

The revised tariff is intended to support the customer-facing implementation of tariff provisions that the Commission has directed BMUS to mirror, thereby maintaining alignment with the Commission’s prior determinations and applicable regulatory requirements.

Clean and redlined versions of the edited tariff are enclosed for the Commission’s review, together with a summary of changes describing the purpose and effect of each revision.

Subject to the Commission's approval, BMUS proposes that the revised tariff take effect on July 1, 2026, or such other date as the Commission may direct.

Should the Commission or Commission Staff require any additional information or clarification regarding this application, we would be pleased to respond.

Yours faithfully,

Bluestem Multi-Utility Services ULC
